A Vote for Gus Romasser Is Not An Experiment

STATEMENT FROM THE NON-PARTISAN CANDIDATE FOR MAYOR

In a statement published last Wednesday I was invited by Mr. U. S. Wright to announce my views on municipal affairs. Because of the derogatery tone of this statement and because of my positive unwillingness to become involved in a newspaper controversy of personalities, I declined to reply to it. I believe, however, that it is not only proper but that the public is entitled to a statement from me as to my intentions if elected to the mayoralty.

I not only have no hesitancy, but I am truly glad to say to the people of Maryville that if elected I shall take office unembarrassed by any pledge or promise. Every business and every citizen shall be made to obey the law. Neither the Board of Public Works nor any other department of the municipal government will be involved in politics, and every appointment, either to that Board or to any other office, will be made from the very best men obtainable and without any regard to party affiliations.

To accomplish these things and in order that every person who has any business whatever with the city may have a prompt, attentive and respectful hearing, I shall devote my entire time to the duties of my office. I believe my past record, both as a citizen and an officer, is a sufficient guarantee of the fulfillment of these promises, and upon that record I respectfully ask the votes of my fellow citizens. Respectfully,

AUGUSTUS ROMASSER.

RURAL SCHOOL APPROVED.

High Prairie School, Southwest of Elmo, Approved Saturday.

County Superintendent W. M. Oakerson received word this morning from State Superintendent W. P. Evans that rural school No. 40, High Prairie, southwest of Elmo, had been approved. Miss Fay Bailey is the teacher.

To the Voters of Maryville.

I want every good citizen of Maryville to bear in mind tomorrow is the day to scratch. The old hen scratches for her brood, why not you for the good of your home. If you forget to bring your pencil just step to one of my friends and let your wants be known. Any of them will be glad to assist you. Just write the name of Frank Partridge on your ticket and I will assure you that you will never be sorry. Owing to a slight misunderstanding my opponent appears on both tickets. Will you put me on yours?

FRANK PARTRIDGE.

HIKED CATTLE 25 PER CENT.

State Board Raised the Assessment of Cattle in This County.

The members of the county court with County Surveyor Reese and Sheriff Ed Wallace are sitting today as a board of equalization. They received the assessment of the personal and real property from the state board and for cattle the assessment was raised 25 per cent by the state board. The total assessment of the county for 1914 taxes is $15,501,087.

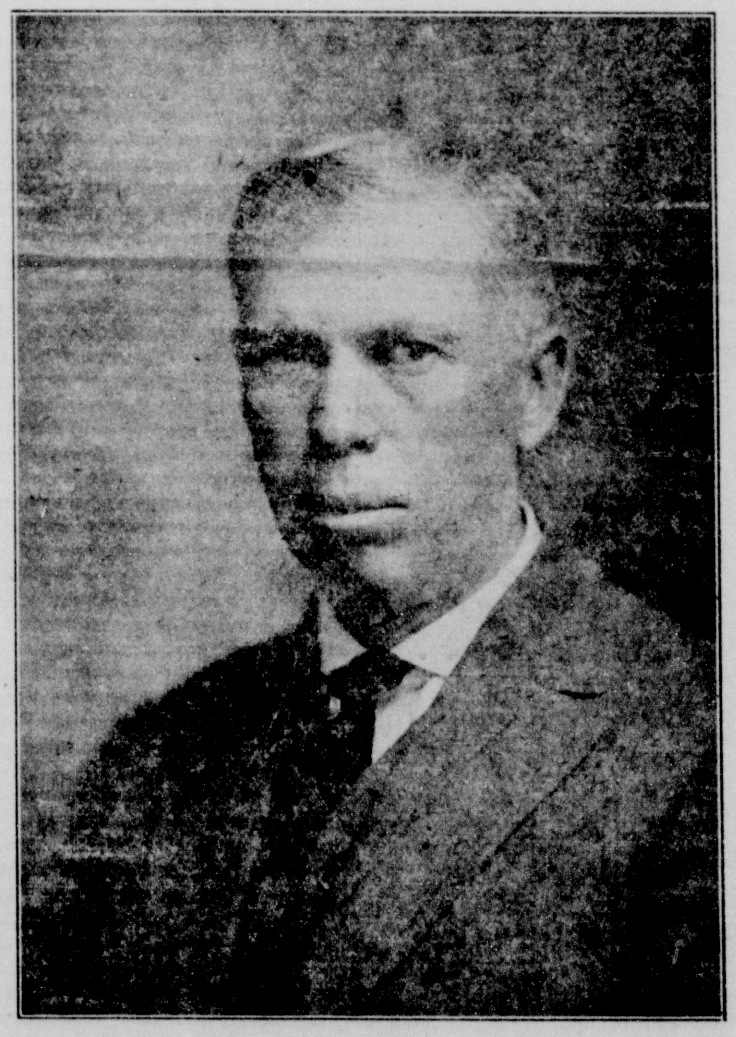
Statement of People's Candidate For Mayor

As my name has been mentioned as a candidate for Mayor on the People's ticket, I will say: Upon the receipt of petitions signed by a large number of prominent citizens, business men, laboring men, bankers and ministers of the churches of the city, I have concluded to accept the candidacy for mayor on the People's ticket.



U. S. WRIGHT FOR MAYOR.

The men who are back of me are supporting me in the interest of a better and bigger Maryville. Whatever the outcome of the present campaign, I am proud of their support

In order to make my position clear on the vital issues that may be discussed during the campaign, I will say that neither myself nor my friends have any axe to grind. I have made no promises compromising myself in any manner. I will have a free hand in the proper conduct of the city's affairs. My position will therefore be free on any ulterior or mercenary motives, and I promise that if elected I will use my best judgment and every effort to manage the city's affairs in a business-like and efficient manner. I also assure you that I will be fair with all the different interests of the city and that I will use my best endeavors to see that the laws and ordinances of the city are enforced.

I have no hesitancy in stating that as a matter of principle I stand for temperance, and have so stood and voted for several years. As Mayor of the city I pledge the people that the saloons will have to obey the law.

The municipal water plant, being the largest financial institution of the city, and one in which every citizen of the community is intensely interested, should not in my opinion become an issue in this campaign and nothing should be done to hamper its success. To prevent the possibility of its becoming an issue, I invite my opponent to join with me in a statement to the people that the Board of Public Works shall be composed of capable men who will do their utmost to secure the greatest possible success of the plant, and that no political or personal prejudice shall be permitted to influence the conduct of the plant or the members of the Board of Public Works.

If the people of Maryville want me to be Mayor on such a platform I shall consider it my chief pride to serve the city in this capacity; if not, I shall accept their decision with grace and good will.

I was born in Nodaway County, near Maryville, and have lived in the County all my life and feel a just pride in calling Maryville my home. If I can be of use to the citizens, I am at your service and will appreciate your confidence in me.

U. S. WRIGHT

MR. VOTER, ATTENTION

We, the citizens, who have shown our interest in a bigger and better Maryville by bringing the PEOPLE'S TICKET into the field, wish to put certain features of this campaign squarely up to you, and thereby prove that every right thinking man should have common cause with us.

FIRST. This is not a campaign for or against any person or persons as such. The issue involved affects the welfare of every man, woman and child in Maryville. That issue is control of the saloons and their allied evils under the law. The PEOPLES TICKET did not introduce the "wet or dry" issue into this campaign. The saloons forced the issue by their pernicious activity. THE SALOONS ARE IN THE FIGHT WITH EVERY OUNCE OF THEIR ENERGY AND INFLUENCE. THEY ARE NOT FOR US! You may depend upon it that *Their Motive Is Far From Patriotic! Is Maryville Willing to Give the Saloons What They Want! Shall We Submit to Saloon Control?*

SECOND. Shall The Water Works Be Kept Free From Political Designs And Prejudice? Can we afford to imperil the present efficiency of the Board of Public Works? Mr. Wright has announced that he will co-operate with the present board to make our largest municipal enterprise a success.

THIRD. The character and business capacity of the *Peoples Ticket* insures a clean, progressive, business administration. We ask your co-operation tomorrow at the polls.

ELECTED OFFICERS DON'T GROW BALD

W. O. GARRETT HEADS PEOPLE'S TELEPHONE SYSTEM.

A NEW CONSTITUTION

Was Adopted—Lon Hughes and Alfred Shackelford the Two New Directors Selected.

A new constitution was adopted and directors were elected at the meeting Saturday afternoon of the representatives of the People's Telephone Union. There was a good attendance, fifty-one delegates answering the roll call. There were nine lines unrepresented.

The convention resumed the consideration of the constitution where they left off at the last meeting, March 28, there being two sections remaining to be disposed of. Joseph Crawford proposed a substitute for section eight regarding rates, but as that section had been passed on at the previous meeting it was decided by the convention not to reopen discussion on any section adopted at the former meeting until the conclusion of their deliberations on the two remaining sections and balloting on the constitution as a whole.

After disposing of the two sections the convention proceeded to ballot on the constitution as a whole. On the first ballot there was thirty-nine votes cast in favor of the adoption of the constitution and twelve votes cast against the adoption. This was one less than the necessary two-thirds majority of the total number of delegates chosen.

Joseph Crawford of Wilcox, representative of line No. 12, who had voted against the adoption of the constitution on the first ballot, announced that since a large majority had expressed themselves in favor of the proposed constitution, he did not want to play the part of an obstructionist and thwart the will of the majority, and he moved a reconsideration of the vote.

On taking the second ballot Mr. Crawford and Noah Duncan, representative of line 29, changed their votes from no to yes, and one vote was changed from yes to no, making a net gain of one vote in favor of the adoption. The second vote was forty in favor and eleven against, making the necessary two-thirds majority, and the constitution carried. From that time on perfect harmony prevailed in the meeting.

The election of officers and directors was next taken up. W. O. Garrett was elected president and director for the ensuing year. Lon Hughes was elected secretary and director and Alfred Shackelford, treasurer and director. They were all elected by acclamation, every representative voting heartily for their selection.

Alfred Shackelford recently moved to this county from near Tarkio and has acted as secretary of a mutual telephone company for a number of years. He is well versed in matters pertaining to mutual lines.

The new board was given a good send off and it is expected with the harmony that now prevails they will be able to do much good in putting the company on a business basis.

After the discussion of business matters relating to paying for cables, the meeting adjourned.

W. O. Garrett, the newly elected president of the company, stated that the plan of the new officers is to give better service as soon as possible, and that a county organization will be effected to build trunk lines.

For Member of National Society.

John Hansen received word Monday from the National Geographic society of Detroit, Mich., that he has been nominated for membership in that society by his boyhood friend, Rev. Fr. S. A. Wittliss, pastor of St. Boniface church of Port Huron, Mich.

Raines Brothers

Use Parisian Sage.

If your hair is getting thin, losing its natural color, or has that matted, lifeless and scraggy appearance, the reason is evident—dandruff and failure to keep the hair roots properly nourished.

Parisian Sage applied daily for a week and then occasionally is all that is needed. It removes dandruff with one application; almost immediately stops falling hair and itching head; invigorates the scalp and makes dull, stringy hair soft, abundant and radiant with life. Equally good for men, women or children—every one needs it.

A large bottle of this delightful hair tonic can be had from T. J. Parle or any drug counter for 50 cents. You will surely like Parisian Sage. There is no other "Just-as-good."—Try it now.

FAILS TO IDENTIFY.

William Heimburg Had Not Seen His Brother in Twenty Years.

William Heimburg of Fargo, N. D., supposed brother of "Dutch Charlie" Heimburg, arrived in Maryville Monday and failed to identify the dead man as his brother. He said that the last time he saw his brother was in Sedalia, twenty years ago. He had a photograph taken ten years ago and there is no resemblance, as the photograph shows a mustache, and the dead man was smooth shaven.

He said he never heard from his brother and never knew his whereabouts. He talked to W. G. Gross this afternoon. Mr. Heimburg's sister, Mrs. G. K. Cecil of Denver, Col., had not heard from her brother for twenty years.

William Heimburg will go to Sedalia this evening and try and get more information regarding his brother. The body will be held in the vault at Miriam cemetery for some time.

ESTES BAILEY IS DEAD.

After Weary Months of Affliction From Palsey Maryville Man is Released From Suffering Saturday.

J. Estes Bailey, for many years engaged in the pump and windmill business in this city, died Saturday evening at his home, 114 South Dewey street. He had been in failing health for two years, the disease of palsey gradually taking hold on him, until he was practically helpless for months before his death.

The funeral services were held Monday afternoon at 2 o'clock at the First M. E. church, conducted by the pastor, Rev. Gilbert S. Cox, assisted by Rev. R. L. Finch of the First Christian church. Burial took place in Miriam cemetery. The pall bearers were S. O. Hutchison, J. Arthur Wray, William Armstrong, L. R. Holt, Gabe Allen and W. A. Tindall.

Mr. Bailey was in his fifty-second year. He was born near Danville, Ill., December 8, 1862. In 1868 he went with his parents to Mankota, Minn., where they lived seven years, then to Galesburg, Ill. In 1878 he moved to Maryville with his parents, the late Charles R. Bailey and wife, coming a year later. Mr. Bailey, the subject of this notice, went into the employment of Charles Ditmer, an implement dealer, in boyhood, and continued in that employment and became an expert in the placing of pumps, windmills and scales. He was successively employed by Charles Ditmer, Amos Sprecher, John Geno, S. O. Hutchison and L. R. Holt, and then worked independently. He was an honorable workman and could always be depended on until ill health overtook him. For several years he had been a consistent member of the M. E. church.

Twenty-four years ago he married Miss Cynthia McClain of this city, who survives with their two sons, Everett V. Bailey of Amarillo, Texas, and Willie E., at home. A 2-year-old daughter, Mildred, died some years ago. Also three sisters and a brother survive, Mrs. C. B. Roberts of this city, Mrs. J. W. Currant of Kansas City, Mrs. C. C. Glenn of Denison, Texas, and W. W. Bailey of Kansas City, Kan.

ACCIDENT TO BURLINGTON TRAIN.

Swith Open and Passenger Ran Into Four Freight Cars—Several Were Injured.

A little flurry of excitement was experienced Monday noon at the Burlington depot, when the 11:56 passenger came in.

As the train began slowing up near the freight depot it swerved to the left suddenly and bumped into four freight cars that stood by the freight depot. The first car was turned across the track and the pilot or cow-catcher of the engine on the passenger broken.

Everybody knew at once that the switch was open and of course that fact made things look a little more interesting. The switch seems to have been tampered with, employes at the freight house say, and the switchman says he left it locked.

The train was delayed nearly an hour in getting out of Maryville.

The passengers in the rear coach were rudely shaken by the little collision, as nearly all were moving about in their seats preparing to be ready to move off when the train stopped. Some of the men haven't cut such capers in putting on their top coats since their boyhood days.

Dr. J. W. Dean, the well known physician, who left Maryville last February, was coming in from Glencoe, Okla., on a business trip. He got a good shake up and some painful bruises on one of his arms.

George Patterson of Sioux City, Ia., representing the Breeders' Gazette, had his knee cap dislocated and other minor bruises, and G. T. Lindsay of Carrollton, Mo., received a bruise on his head.

Mr. and Mrs. Lee Devore of near Harmony church were shopping in the city Saturday.

Mr. and Mrs. Frank McKee of near Barnard were in the city Saturday.

CITY ELECTION TUESDAY.

It is Predicted That a Heavy Vote Will Be Cast—There Are Two Ttickets in the Field.

The election of city officers will be held tomorrow, and it is the prediction of many that a heavy vote will be cast. There are two tickets in the field, the Non-Partisan and the People's.

The polls will open at 7 o'clock in the morning and close at 6 o'clock in the evening, unless the almanac shows that the sun sets later.

Two directors of the school board will be elected tomorrow. The candidates are W. H. Crawford and L. E. Carpenter. The proposition of levying six mills on the dollar on the taxable property of the district, in addition to the four mills authorized by law to be levied by the board of directors, will be voted on tomorrow. Also authorizing the school board to furnish free text books.

The offices and candidates are as follows:

Mayor—Gus Romasser and U. S. Wright.

Collector—John G. Grems and Sam G. Selecman.

City marshal—E. C. Moberly and Frank Partridge.

Alderman from first ward—Jesse Fisher and Hal T. Hooker.

Alderman from second ward—Frank Garrett and C. F. Welborn.

Alderman from third ward—Charles McNeal and H. L. Raines.

Alderman from fourth ward—W. A. Tindall.

The polling places are as follows:

First ward—City hall.

Second ward, Robey's garage.

Third ward—Gray's pavilion.

Fourth ward—Empire theater.

The judges and clerks are as follows:

First ward—Burt M. Rowley, Howard Whaley, Louis Sipes and Ed Hamlin.

Second ward—Albert Kuchs, W. R. Hughes, A. A. Leet and Wilbur Smith.

Third ward—Albert Bell, James Cook, Julian Briggs and William Montgomery.

Fourth ward—James Smith, Fred Smith, John Kirch and Ed Otis.

Ralph Marshall Hurt.

Word was received in Maryville Sunday that Ralph Marshall of Tarkio, who attended the State Normal in Maryville eighteen months ago, had been seriously wounded by the accidental discharge of his shotgun. He was taken to a hospital in St. Joseph and news of the opinion of the doctors there is anxiously awaited. The young man is a son of Will Marshall of Tarkio, and a relative of Mrs. G. W. Turner of this city. He made his home with Mr. and Mrs. R. G. Sanders of this city while studying here. He was injured in a base ball game when playing with the Normal team.

On Visit to Husband.

Mrs. G. W. McMillan of College Springs, Ia., was in Maryville Saturday evening, going to Barnard to visit her husband, who has a mercantile business there.

F. H. Wells, Charles Bebout, J. M. Broadbent and J. I. Bilby were Nodaway county, Missouri, shippers to the market today.—St. Joseph Stock Journal.

DRAG THE ROADS

NOW IS THE TIME TO BEGIN THE WORK.

A GOOD HEAVY DRAG

Should Be Used—All Grading and Regular Road Work Should Be Done in the Spring.

County Highway Engineer John Clary, in talking of dragging the roads, said Monday:

"Now is the time for dragging the roads with the greatest persistency. It would be well to use a good heavy drag in applying that persistency, and do not get discouraged if the roads do not immediately get smooth and hard as in the middle of the summer, or if it rains again soon after you have dragged. Each time the road is dragged and compacted by the travel it is put in better condition to withstand wet weather.

"All roads should have good and sufficient crowns and side ditches of proper proportion to afford rapid drainage. The slope of crown should be greatest on side hills, where the slope to the side drain should exceed the slope of the hill enough to cause the water to flow to the side drain rather than to follow the wheel tracks down the hill. In no case should the slope to the side drain be less than ½ inch to the foot, and from ½ to ¾ of an inch is sufficient in most cases, and very rarely if ever should it exceed 1 inch to the foot, and the crown should be oval rather than a straight slope with a peek in the middle, as some are inclined to become after continuous dragging in one direction. Occasionally dragging out and careful manipulation of the drag will prevent this, and the results depend upon the lay of the ground, the kind of soil and the man who operates the drag.

"All grading and regular road work should be done as soon in the spring as the condition of the ground will permit of working. Work done in the spring is easily 100 per cent more beneficial than that done in the fall when the ground is hard and dry, and twice to three times the amount of work can be done for the same money. The law requires that all grading and general road work shall be done prior to August 1st each year, and no work of this kind should be done after that date, as good work can not be done at that time and makes a bad road all fall, winter and the following spring. Fill work and repairs should be made whenever needed and not left until all farm work is done. To do this it may be hard to get the help from the farmers and may make it necessary to take the money and hire regular crews to do the work. This would be a great saving, and most of the farmers would be satisfied not to put their teams on the work, as by the time they become accustomed to the work their time is out and a new crew must be gotten together.

The Burning Question

Is the money question. It's on most people's mind. Have you ever given it a thought? What are you doing with your savings? Letting it go each week with nothing to show for it? You should put a stop to that at once by opening a savings account with us. One dollar will start you; you can then add to or withdraw from at any time, without notice.

DAILY BULLETIN

No. 14. Maryville, Mo. Monday, April 6, 1914.

To emphasize the style correctness of the new Spring Suits we are showing, we reprint a few paragraphs from "The New Styles," by Madame Savarie, acknowledged to be one of America's best judges of fashions for American women.

In this space are the style features which make the season's garments so attractive.

In our Suit Section you will see only garments which embody these necessary style features which well dressed women are demanding.

Many of the new styles are gracefully draped. Others seem to be, but are not actually draped. They are so shaped or trimmed as to suggest draperies."

"The new costumes do not look much wider at the ankles. But they are wider at the hips and knees. The waist line is large."

"Yoke effects are on many of the new skirts. Skirts are all high waisted, and cut with less curve between the line and the hips. This makes the figure look slenderer."

"Many skirts in new suits may be classed in one of the three chief divisions, peg-tops, draped skirts, and those made in tiers or with tunics. But here are exceptions. Some graceful new skirts have full length plaits in the center front. These were launched by Poiret and are included in several of the new Wooltex models."

"Jackets of suits and separate coats are all much shorter. Many of the new shapes hang free from the shoulders. Some of the coats have a decided godet-like flare about the bottom. Many jackets are irregular in outline. All jackets and coats will be worn very loose indeed."

"The jackets are with one button, with two, with three, and some with more buttons. Some lap to one side. Some close in the center front. Some fasten low, and others higher up. Some have no revers. Others have. The cutaway effect is almost universal. But the actual shaping of the cutaway is as varied as the jackets themselves."

"Sleeves are of great style importance. Some are raglans, and some are kimonos, both on new lines. Some follow the latest vogue in Paris and are set-in sleeves."

"The new styles are extremely attractive and look much difierent from what we have been wearing."

We believe these suggestions will aid you in making a satisfactory selection of your new Easter Suit.

You are invited to inspect our showing and see how these style features are designed.

The new Spring Suits are priced from $15 to $50.

ON FREE TEXT BOOKS.

Maryville Will Vote on It at Election Tomorrow.

Five rural districts and two town districts will vote on free text books at the election tomorrow. Indications are that it will carry in all the districts, as there is not known opposition to the measure. It will be voted on at the elections in Maryville and Barnard and in the following rural districts: Conception, St. Mary's, Fox, Olwell and Long Branch.

The adoption of free text books does not raise the district tax. It is estimated that the district share of the foreign insurance money will be sufficient to purchase the books from year to year. These districts do not now receive this money and will not unless they adopt the free text books.

Many cities and towns in Missouri have adopted free text books. Educators over the state are strongly in favor of it, having come to the conclusion, after several years of investigation, that free text books should be in every school.

OCTAGON

Record 2:12¼ Pacing.
By Roy Wilkes 2:06½, Pacing, the World's Record for Four Years.

Is black with three white feet and star; is kind in and out of all harness. Bred by the estate of M. H. McCurdy, East Cleveland, Ohio. Got by Roy Wilkes 2:06½ pacing (owned by M. W. Savage, International Stock Food Farm, Savage, Minn.), son of Ardian Wilkes, by George Wilkes 2:22, son of Rysdyk's Hambletonian; dam Sweet Brier by Luna's Tom Hal, son of Gibson's Tom Hal; second dam Rachel by Brooks (sire of Bonesetter), Rec. 2:19, son of Stone's Brown Pilot; third dam by Old Bay Tom Hal (owned by Wm. Bryant, Mooresville, Tenn.); fourth dam by Old Traveler.

OCTAGON is pronounced by critics to be the most advanced type of the standard bred family. His many hard fought and winning races have left no trace of blemish or unsoundness upon him in any way. His limbs are sound and clean at the present time as they were when he first went into training.

He will make the season of 1914 at my farm, 5 miles west and ½ mile north of Pickering, and 7 miles east and 1 mile north of Burlington Junction, at $1 oto insure. Colt stands good for service fee. If mare is parted with or removed from county, service fee becomes due and must be paid. Care will be taken to prevent accidents, but will not be responsible should any occur. For service on Saturday, phone, call or write in advance.

City Manager Plan Has Been Success in Clarinda, Ia.

Of the 101 towns and cities in the state from which annual reports are required by the state municipal accounting department, the first to report for the year ending March 31st was Clarinda. The report from Clarinda is of more than ordinary interest this year, from the fact that it is the only city in the state which is in charge of a business manager, a form of government which has been adopted by a number of cities in other states.

The plan has been in operation at Clarinda one year and has been extremely successful, as the financial report of the city shows. T. A. Wilson, a practical Clarinda business man, was selected for the job of city manager when that form was decided upon and his salary was fixed at $1,500 per year. While the laws of the state do not provide for such manipulation of city affairs the manager proposition was accomplished by appointing Mr. Wilson city clerk and giving him complete authority to manage all departments of the city's affairs.

The annual report shows that Business Manager Wilson closed his first year as general manager of the city of Clarinda with a balance of $17,265.74 in the treasury as against $12,933.82 at the close of the previous year. His total expenditures for the year amounted to $27,755.01 as against $30,318.24 of the previous year. In addition to this a payment of $4,000 was made on the municipal indebtedness of the city on which no payment was reported the preceding year.

The popularity of the business manager plan for Clarinda is further attested by the fact that six months after Mr. Wilson had been installed as manager a vote was taken on a proposition to adopt the commission plan of city government, which was defeated by the voters of the city by a vote of 98 to 508 against.

The voters of the municipality elect a mayor and city councilmen in the same manner as ordinary cities. These appoint the city manager. The plan, which seems to have given such complete satisfaction in the Clarinda case will probably be adopted in many other towns and cities of the state where the solution of municipal manipulation has become difficult.

For Francis Wilson's Senate Seat.

R. B. Bridgeman of Oregon, Holt county, Saturday filed his declaration with the secretary of state as a Democratic candidate for state senator from the third district, comprising Clay, Platte, Holt, Andrew, DeKalb and Clinton counties. This is the district formerly represented by Francis M. Wilson, United States district attorney at Kansas City. Mr. Bridgeman is well known in Maryville among the members of the bar.

Shower For Bride-to-Be.

Mrs. Roy Wolfers was the hostess of a pink and white party Saturday afternoon, complimentary to Miss Golda Roach, who is to be married soon. The guests were asked to bring a bottle shower of things the bride can use, and the offering consisted of olives, pickles, strawberries, raspberries, grape juice, extracts, liquor veneer and toilet articles. Added to these were various recipes. The hostess and her assistants, Miss Edith Jones, Miss Mary Wolfers and Miss Margaret McMillen, were attired in pink and white, the bride's colors. A program of music consisted of piano numbers by Miss Edith Jones and vocal numbers by Miss Margaret McMillen and a victrola program by the hostess was given while the guests busied themselves in making heart shaped holders for use in the bride's kitchen. A one-course luncheon was served by the hostess and her assistants, and the guests drank water from bottles. Those present were Miss Roach, Misses Blanche Hinton, Inez Rea, Kittie Taylor, Mrs. Roland Wray, Mrs. Howard Wray, Mrs. Jake Wiley, Mrs. Irvin Loch, Mrs. Marvin Hall, Mrs. Gordon Swinford, Mrs. James Hutchison, Mrs. Harde Saddler, Mrs. Stant Garten, Mrs. Walter Johnson, Mrs. James Clayton, Mrs. Stewart Robinson, Mrs. Ralph Heryford, Mrs. Wm. Heryford, Mrs. Nora Hall, Misses Minnie Everhart, Edith Jones, Mary Wolfers, Jessie Clayton, Margaret McMillen, Mrs. Walter Stephenson and Mrs. Walter Runnels.

SKIN ERUPTIONS

Evidence of Impure Blood and a Run Down Condition.

When the blood becomes thin, poor, devitalized nature cries out through such external evidence for help, and the safest, surest and most helpful remedy we know is Vinol.

This is because it is a combination of the two most world famed tonics—the medicinal curative elements of cod liver oil (without the oil) and tonic iron fr the blood. Vinol strengthens the digestive organs, creates a hearty appetite, purifies and enriches the blood, creates strength.

Mrs. Helen Wingate, St. Louis, Mo., says: "I was in very poor health, nervous and run down, and nothing in the way of medicine did me any good until my druggist recommended Vinol. It built up my health, restored strength and I feel that I owe my life to Vinol. I cannot praise it too highly."

We say positively there is nothing like Vinol to purify and enrich the blood and build up weak, run down people. If it should fail in your case we will return your money.—Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

LOOKS GOOD FOR FRUIT.

Fact That There Was No Warm Weather in March Will Help, Says University Expert.

"I have never known better prospects for a splendid fruit crop all over Missouri than exists at the present," said Prof. J. C. Whitten, head of the horticulture department of the University of Missouri, Saturday. "In spite of the drouth last summer and fall, a condition that is always harmful to fruit for the ensuing season, apples, peaches and pear trees are in excellent shape, and if no unfavorable weather or other conditions arise, Missouri will have a record breaking crop. The same can be said of the smaller fruits.

"Up to the present the weather has been seasonable. There has been an absence of the warm periods that sometimes visits Missouri in March, causing the buds to swell only to be blighted by frosts. The weather has been sufficiently cool to keep back this early development. If April is as seasonable as March has been, fruit of all kinds will be plentiful. April is starting off well. The rain of the last few days has added to the healthful condition and everything looks bright from the horticulturist's standpoint."

James Huff of Wilcox was a city visitor Saturday.

YOUR CHILD'S SIGHT

Should be a most important consideration. Many children are handicapped in school or subjected to petty nervous or physical ills by the effects of imperfect vision.

An examination of the eyes of 100,000 school children in New York City showed that nearly 30 per cent needed glasses. In Boston it was more than 20 per cent, and most of them were down on the books as "stupid," "stubborn" or "unruly."

Wearing glasses in childhood often averts serious trouble later on. Have our optician examine your child's eyes. If glasses are not needed you may be sure we will tell you so frankly.

A Vote for Gus Romasser Is Not An Experiment

STATEMENT FROM THE NON-PARTISAN CANDIDATE FOR MAYOR

In a statement published last Wednesday I was invited by Mr. U. S. Wright to announce my views on municipal affairs. Because of the derogatery tone of this statement and because of my positive unwillingness to become involved in a newspaper controversy of personalities, I declined to reply to it. I believe, however, that it is not only proper but that the public is entitled to a statement from me as to my intentions if elected to the mayoralty.

I not only have no hesitancy, but I am truly glad to say to the people of Maryville that if elected I shall take office unembarrassed by any pledge or promise. Every business and every citizen shall be made to obey the law. Neither the Board of Public Works nor any other department of the municipal government will be involved in politics, and every appointment, either to that Board or to any other office, will be made from the very best men obtainable and without any regard to party affiliations.

To accomplish these things and in order that every person who has any business whatever with the city may have a prompt, attentive and respectful hearing, I shall devote my entire time to the duties of my office. I believe my past record, both as a citizen and an officer, is a sufficient guarantee of the fulfillment of these promises, and upon that record I respectfully ask the votes of my fellow citizens. Respectfully,

AUGUSTUS ROMASSER.

RURAL SCHOOL APPROVED.

High Prairie School, Southwest of Elmo, Approved Saturday.

County Superintendent W. M. Oakerson received word this morning from State Superintendent W. P. Evans that rural school No. 40, High Prairie, southwest of Elmo, had been approved. Miss Fay Bailey is the teacher.

To the Voters of Maryville.

I want every good citizen of Maryville to bear in mind tomorrow is the day to scratch. The old hen scratches for her brood, why not you for the good of your home. If you forget to bring your pencil just step to one of my friends and let your wants be known. Any of them will be glad to assist you. Just write the name of Frank Partridge on your ticket and I will assure you that you will never be sorry. Owing to a slight misunderstanding my opponent appears on both tickets. Will you put me on yours?

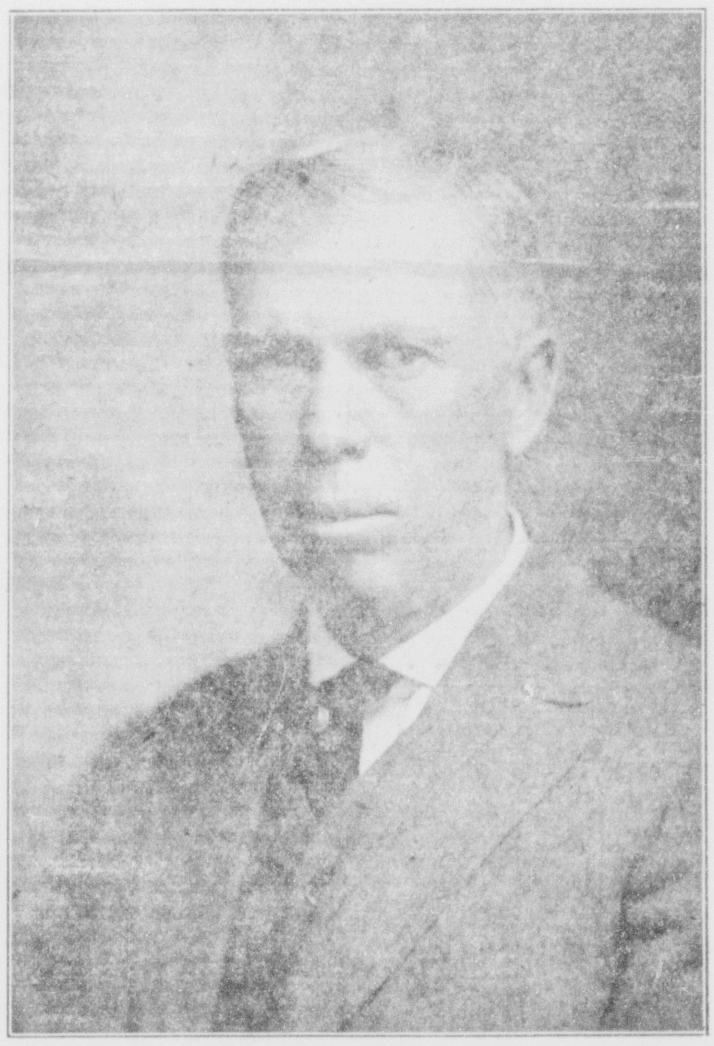
Statement of People's Candidate For Mayor

As my name has been mentioned as a candidate for Mayor on the People's ticket, I will say: Upon the receipt of petitions signed by a large number of prominent citizens, business men, laboring men, bankers and ministers of the churches of the city, I have concluded to accept the candidacy for mayor on the People's ticket.



U. S. WRIGHT FOR MAYOR.

The men who are back of me are supporting me in the interest of a better and bigger Maryville. Whatever the outcome of the present campaign, I am proud of their support

In order to make my position clear on the vital issues that may be discussed during the campaign, I will say that neither myself nor my friends have any axe to grind. I have made no promises compromising myself in any manner. I will have a free hand in the proper conduct of the city's affairs. My position will therefore be free on any ulterior or mercenary motives, and I promise that if elected I will use my best judgment and every effort to manage the city's affairs in a business-like and efficient manner. I also assure you that I will be fair with all the different interests of the city and that I will use my best endeavors to see that the laws and ordinances of the city are enforced.

I have no hesitancy in stating that as a matter of principle I stand for temperance, and have so stood and voted for several years. As Mayor of the city I pledge the people that the saloons will have to obey the law.

The municipal water plant, being the largest financial institution of the city, and one in which every citizen of the community is intensely interested, should not in my opinion become an issue in this campaign and nothing should be done to hamper its success. To prevent the possibility of its becoming an issue, I invite my opponent to join with me in a statement to the people that the Board of Public Works shall be composed of capable men who will do their utmost to secure the greatest possible success of the plant, and that no political or personal prejudice shall be permitted to influence the conduct of the plant or the members of the Board of Public Works.

If the people of Maryville want me to be Mayor on such a platform I shall consider it my chief pride to serve the city in this capacity; if not, I shall accept their decision with grace and good will.

I was born in Nodaway County, near Maryville, and have lived in the County all my life and feel a just pride in calling Maryville my home. If I can be of use to the citizens, I am at your service and will appreciate your confidence in me.

U. S. WRIGHT

MR. VOTER, ATTENTION

We, the citizens, who have shown our interest in a bigger and better Maryville by bringing the PEOPLE'S TICKET into the field, wish to put certain features of this campaign squarely up to you, and thereby prove that every right thinking man should have common cause with us.

FIRST. This is not a campaign for or against any person or persons as such. The issue involved affects the welfare of every man, woman and child in Maryville. That issue is control of the saloons and their allied evils under the law. The PEOPLES TICKET did not introduce the "wet or dry" issue into this campaign. The saloons forced the issue by their pernicious activity. THE SALOONS ARE IN THE FIGHT WITH EVERY OUNCE OF THEIR ENERGY AND INFLUENCE. THEY ARE NOT FOR US! You may depend upon it that *Their Motive Is Far From Patriotic! Is Maryville Willing to Give the Saloons What They Want! Shall We Submit to Saloon Control?*

SECOND. Shall The Water Works Be Kept Free From Political Designs And Prejudice? Can we afford to imperil the present efficiency of the Board of Public Works? Mr. Wright has announced that he will co-operate with the present board to make our largest municipal enterprise a success.

THIRD. The character and business capacity of the *Peoples Ticket* insures a clean, progressive, business administration. We ask your co-operation tomorrow at the polls.

ELECTED OFFICERS DON'T GROW BALD

W. O. GARRETT HEADS PEOPLE'S TELEPHONE SYSTEM.

A NEW CONSTITUTION

Was Adopted—Lon Hughes and Alfred Shackelford the Two New Directors Selected.

A new constitution was adopted and directors were elected at the meeting Saturday afternoon of the representatives of the People's Telephone Union. There was a good attendance, fifty-one delegates answering the roll call. There were nine lines unrepresented.

The convention resumed the consideration of the constitution where they left off at the last meeting, March 28, there being two sections remaining to be disposed of. Joseph Crawford proposed a substitute for section eight regarding rates, but as that section had been passed on at the previous meeting it was decided by the convention not to reopen discussion on any section adopted at the former meeting until the conclusion of their deliberations on the two remaining sections and balloting on the constitution as a whole.

After disposing of the two sections the convention proceeded to ballot on the constitution as a whole. On the first ballot there was thirty-nine votes cast in favor of the adoption of the constitution and twelve votes cast against the adoption. This was one less than the necessary two-thirds majority of the total number of delegates chosen.

Joseph Crawford of Wilcox, representative of line No. 12, who had voted against the adoption of the constitution on the first ballot, announced that since a large majority had expressed themselves in favor of the proposed constitution, he did not want to play the part of an obstructionist and thwart the will of the majority, and he moved a reconsideration of the vote.

On taking the second ballot Mr. Crawford and Noah Duncan, representative of line 29, changed their votes from no to yes, and one vote was changed from yes to no, making a net gain of one vote in favor of the adoption. The second vote was forty in favor and eleven against, making the necessary two-thirds majority, and the constitution carried. From that time on perfect harmony prevailed in the meeting.

The election of officers and directors was next taken up. W. O. Garrett was elected president and director for the ensuing year. Lon Hughes was elected secretary and director and Alfred Shackelford, treasurer and director. They were all elected by acclamation, every representative voting heartily for their selection.

Alfred Shackelford recently moved to this county from near Tarkio and has acted as secretary of a mutual telephone company for a number of years. He is well versed in matters pertaining to mutual lines.

The new board was given a good send off and it is expected with the harmony that now prevails they will be able to do much good in putting the company on a business basis.

After the discussion of business matters relating to paying for cables, the meeting adjourned.

W. O. Garrett, the newly elected president of the company, stated that the plan of the new officers is to give better service as soon as possible, and that a county organization will be effected to build trunk lines.

Use Parisian Sage.

If your hair is getting thin, losing its natural color, or has that matted, lifeless and scraggy appearance, the reason is evident—dandruff and failure to keep the hair roots properly nourished.

Parisian Sage applied daily for a week and then occasionally is all that is needed. It removes dandruff with one application; almost immediately stops falling hair and itching head; invigorates the scalp and makes dull, stringy hair soft, abundant and radiant with life. Equally good for men, women or children—every one needs it.

A large bottle of this delightful hair tonic can be had from T. J. Parle or any drug counter for 50 cents. You will surely like Parisian Sage. There is no other "Just-as-good."—Try it now.

FAILS TO IDENTIFY.

William Heimburg Had Not Seen His Brother in Twenty Years.

William Heimburg of Fargo, N. D., supposed brother of "Dutch Charlie" Heimburg, arrived in Maryville Monday and failed to identify the dead man as his brother. He said that the last time he saw his brother was in Sedalia, twenty years ago. He had a photograph taken ten years ago and there is no resemblance, as the photograph shows a mustache, and the dead man was smooth shaven.

He said he never heard from his brother and never knew his whereabouts. He talked to W. G. Gross this afternoon. Mr. Heimburg's sister, Mrs. G. K. Cecil of Denver, Col., had not heard from her brother for twenty years.

William Heimburg will go to Sedalia this evening and try and get more information regarding his brother. The body will be held in the vault at Miriam cemetery for some time.

ESTES BAILEY IS DEAD.

After Weary Months of Affliction From Palsey Maryville Man is Released From Suffering Saturday.

J. Estes Bailey, for many years engaged in the pump and windmill business in this city, died Saturday evening at his home, 114 South Dewey street. He had been in failing health for two years, the disease of palsey gradually taking hold on him, until he was practically helpless for months before his death.

The funeral services were held Monday afternoon at 2 o'clock at the First M. E. church, conducted by the pastor, Rev. Gilbert S. Cox, assisted by Rev. R. L. Finch of the First Christian church. Burial took place in Miriam cemetery. The pall bearers were S. O. Hutchison, J. Arthur Wray, William Armstrong, L. R. Holt, Gabe Allen and W. A. Tindall.

Mr. Bailey was in his fifty-second year. He was born near Danville, Ill., December 8, 1862. In 1868 he went with his parents to Mankota, Minn., where they lived seven years, then to Galesburg, Ill. In 1878 he moved to Maryville with his parents, the late Charles R. Bailey and wife, coming a year later. Mr. Bailey, the subject of this notice, went into the employment of Charles Ditmer, an implement dealer, in boyhood, and continued in that employment and became an expert in the placing of pumps, windmills and scales. He was successively employed by Charles Ditmer, Amos Sprecher, John Geno, S. O. Hutchison and L. R. Holt, and then worked independently. He was an honorable workman and could always be depended on until ill health overtook him. For several years he had been a consistent member of the M. E. church.

Twenty-four years ago he married Miss Cynthia McClain of this city, who survives with their two sons, Everett V. Bailey of Amarillo, Texas, and Willie E., at home. A 2-year-old daughter, Mildred, died some years ago. Also three sisters and a brother survive, Mrs. C. B. Roberts of this city, Mrs. J. W. Currant of Kansas City, Mrs. C. C. Glenn of Denison, Texas, and W. W. Bailey of Kansas City, Kan.

ACCIDENT TO BURLINGTON TRAIN.

Swith Open and Passenger Ran Into Four Freight Cars—Several Were Injured.

A little flurry of excitement was experienced Monday noon at the Burlington depot, when the 11:56 passenger came in.

As the train began slowing up near the freight depot it swerved to the left suddenly and bumped into four freight cars that stood by the freight depot. The first car was turned across the track and the pilot or cow-catcher of the engine on the passenger broken.

Everybody knew at once that the switch was open and of course that fact made things look a little more interesting. The switch seems to have been tampered with, employes at the freight house say, and the switchman says he left it locked.

The train was delayed nearly an hour in getting out of Maryville.

The passengers in the rear coach were rudely shaken by the little collision, as nearly all were moving about in their seats preparing to be ready to move off when the train stopped. Some of the men haven't cut such capers in putting on their top coats since their boyhood days.

Dr. J. W. Dean, the well known physician, who left Maryville last February, was coming in from Glencoe, Okla., on a business trip. He got a good shake up and some painful bruises on one of his arms.

George Patterson of Sioux City, Ia., representing the Breeders' Gazette, had his knee cap dislocated and other minor bruises, and G. T. Lindsay of Carrollton, Mo., received a bruise on his head.

Mr. and Mrs. Lee Devore of near Harmony church were shopping in the city Saturday.

Mr. and Mrs. Frank McKee of near Barnard were in the city Saturday.

CITY ELECTION TUESDAY.

It is Predicted That a Heavy Vote Will Be Cast—There Are Two Ttickets in the Field.

The election of city officers will be held tomorrow, and it is the prediction of many that a heavy vote will be cast. There are two tickets in the field, the Non-Partisan and the People's.

The polls will open at 7 o'clock in the morning and close at 6 o'clock in the evening, unless the almanac shows that the sun sets later.

Two directors of the school board will be elected tomorrow. The candidates are W. H. Crawford and L. E. Carpenter. The proposition of levying six mills on the dollar on the taxable property of the district, in addition to the four mills authorized by law to be levied by the board of directors, will be voted on tomorrow. Also authorizing the school board to furnish free text books.

The offices and candidates are as follows:

Mayor—Gus Romasser and U. S. Wright.

Collector—John G. Grems and Sam G. Selecman.

City marshal—E. C. Moberly and Frank Partridge.

Alderman from first ward—Jesse Fisher and Hal T. Hooker.

Alderman from second ward—Frank Garrett and C. F. Welborn.

Alderman from third ward—Charles McNeal and H. L. Raines.

Alderman from fourth ward—W. A. Tindall.

The polling places are as follows:

First ward—City hall.

Second ward, Robey's garage.

Third ward—Gray's pavilion.

Fourth ward—Empire theater.

The judges and clerks are as follows:

First ward—Burt M. Rowley, Howard Whaley, Louis Sipes and Ed Hamlin.

Second ward—Albert Kuchs, W. R. Hughes, A. A. Leet and Wilbur Smith.

Third ward—Albert Bell, James Cook, Julian Briggs and William Montgomery.

Fourth ward—James Smith, Fred Smith, John Kirch and Ed Otis.

Ralph Marshall Hurt.

Word was received in Maryville Sunday that Ralph Marshall of Tarkio, who attended the State Normal in Maryville eighteen months ago, had been seriously wounded by the accidental discharge of his shotgun. He was taken to a hospital in St. Joseph and news of the opinion of the doctors there is anxiously awaited. The young man is a son of Will Marshall of Tarkio, and a relative of Mrs. G. W. Turner of this city. He made his home with Mr. and Mrs. R. G. Sanders of this city while studying here. He was injured in a base ball game when playing with the Normal team.

On Visit to Husband.

Mrs. G. W. McMillan of College Springs, Ia., was in Maryville Saturday evening, going to Barnard to visit her husband, who has a mercantile business there.

F. H. Wells, Charles Bebout, J. M. Broadbent and J. I. Bilby were Nodaway county, Missouri, shippers to the market today.—St. Joseph Stock Journal.

DRAG THE ROADS

NOW IS THE TIME TO BEGIN THE WORK.

A GOOD HEAVY DRAG

Should Be Used—All Grading and Regular Road Work Should Be Done in the Spring.

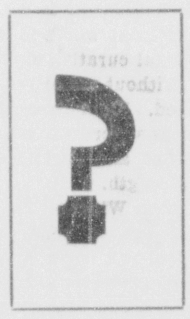
County Highway Engineer John Clary, in talking of dragging the roads, said Monday:

"Now is the time for dragging the roads with the greatest persistency. It would be well to use a good heavy drag in applying that persistency, and do not get discouraged if the roads do not immediately get smooth and hard as in the middle of the summer, or if it rains again soon after you have dragged. Each time the road is dragged and compacted by the travel it is put in better condition to withstand wet weather.

"All roads should have good and sufficient crowns and side ditches of proper proportion to afford rapid drainage. The slope of crown should be greatest on side hills, where the slope to the side drain should exceed the slope of the hill enough to cause the water to flow to the side drain rather than to follow the wheel tracks down the hill. In no case should the slope to the side drain be less than ½ inch to the foot, and from ½ to ¾ of an inch is sufficient in most cases, and very rarely if ever should it exceed 1 inch to the foot, and the crown should be oval rather than a straight slope with a peek in the middle, as some are inclined to become after continuous dragging in one direction. Occasionally dragging out and careful manipulation of the drag will prevent this, and the results depend upon the lay of the ground, the kind of soil and the man who operates the drag.

"All grading and regular road work should be done as soon in the spring as the condition of the ground will permit of working. Work done in the spring is easily 100 per cent more beneficial than that done in the fall when the ground is hard and dry, and twice to three times the amount of work can be done for the same money. The law requires that all grading and general road work shall be done prior to August 1st each year, and no work of this kind should be done after that date, as good work can not be done at that time and makes a bad road all fall, winter and the following spring. Fill work and repairs should be made whenever needed and not left until all farm work is done. To do this it may be hard to get the help from the farmers and may make it necessary to take the money and hire regular crews to do the work. This would be a great saving, and most of the farmers would be satisfied not to put their teams on the work, as by the time they become accustomed to the work their time is out and a new crew must be gotten together.

There's a reason why you should see our line of wall paper and paints. Arnett & Blackwell.



The Burning Question

DAILY BULLETIN

No. 14. Maryville, Mo. Monday, April 6, 1914.

To emphasize the style correctness of the new Spring Suits we are showing, we reprint a few paragraphs from "The New Styles," by Madame Savarie, acknowledged to be one of America's best judges of fashions for American women.

In this space are the style features which make the season's garments so attractive.

In our Suit Section you will see only garments which embody these necessary style features which well dressed women are demanding.

Many of the new styles are gracefully draped. Others seem to be, but are not actually draped. They are so shaped or trimmed as to suggest draperies."

"The new costumes do not look much wider at the ankles. But they are wider at the hips and knees. The waist line is large."

"Yoke effects are on many of the new skirts. Skirts are all high waisted, and cut with less curve between the line and the hips. This makes the figure look slenderer."

"Many skirts in new suits may be classed in one of the three chief divisions, peg-tops, draped skirts, and those made in tiers or with tunics. But here are exceptions. Some graceful new skirts have full length plaits in the center front. These were launched by Poiret and are included in several of the new Wooltex models."

"Jackets of suits and separate coats are all much shorter. Many of the new shapes hang free from the shoulders. Some of the coats have a decided godet-like flare about the bottom. Many jackets are irregular in outline. All jackets and coats will be worn very loose indeed."

"The jackets are with one button, with two, with three, and some with more buttons. Some lap to one side. Some close in the center front. Some fasten low, and others higher up. Some have no revers. Others have. The cutaway effect is almost universal. But the actual shaping of the cutaway is as varied as the jackets themselves."

"Sleeves are of great style importance. Some are raglans, and some are kimonos, both on new lines. Some follow the latest vogue in Paris and are set-in sleeves."

"The new styles are extremely attractive and look much difierent from what we have been wearing."

We believe these suggestions will aid you in making a satisfactory selection of your new Easter Suit.

You are invited to inspect our showing and see how these style features are designed.

The new Spring Suits are priced from $15 to $50.

ON FREE TEXT BOOKS.

Maryville Will Vote on It at Election Tomorrow.

Five rural districts and two town districts will vote on free text books at the election tomorrow. Indications are that it will carry in all the districts, as there is not known opposition to the measure. It will be voted on at the elections in Maryville and Barnard and in the following rural districts: Conception, St. Mary's, Fox, Olwell and Long Branch.

The adoption of free text books does not raise the district tax. It is estimated that the district share of the foreign insurance money will be sufficient to purchase the books from year to year. These districts do not now receive this money and will not unless they adopt the free text books.

Many cities and towns in Missouri have adopted free text books. Educators over the state are strongly in favor of it, having come to the conclusion, after several years of investigation, that free text books should be in every school.

OCTAGON

Record 2:12¼ Pacing.
By Roy Wilkes 2:06½, Pacing, the World's Record for Four Years.

Is black with three white feet and star; is kind in and out of all harness. Bred by the estate of M. H. McCurdy, East Cleveland, Ohio. Got by Roy Wilkes 2:06½ pacing (owned by M. W. Savage, International Stock Food Farm, Savage, Minn.), son of Arion Wilkes, by George Wilkes 2:22, son of Rysdyk's Hambletonian; dam Sweet Brier by Luna's Tom Hal, son of Gibson's Tom Hal; second dam Rachel by Brooks (sire of Bonesetter), Rec. 2:19, son of Stone's Brown Pilot; third dam by Old Bay Tom Hal (owned by Wm. Bryant, Mooresville, Tenn.); fourth dam by Old Traveler.

OCTAGON is pronounced by critics to be the most advanced type of the standard bred family. His many hard fought and winning races have left no trace of blemish or unsoundness upon him in any way. His limbs are sound and clean at the present time as they were when he first went into training.

He will make the season of 1914 at my farm, 5 miles west and ½ mile north of Pickering, and 7 miles east and 1 mile north of Burlington Junction, at $1 oto insure. Colt stands good for service fee. If mare is parted with or removed from county, service fee becomes due and must be paid. Care will be taken to prevent accidents, but will not be responsible should any occur. For service on Saturday, phone, call or write in advance.

City Manager Plan Has Been Success in Clarinda, Ia.

Of the 101 towns and cities in the state from which annual reports are required by the state municipal accounting department, the first to report for the year ending March 31st was Clarinda. The report from Clarinda is of more than ordinary interest this year, from the fact that it is the only city in the state which is in charge of a business manager, a form of government which has been adopted by a number of cities in other states.

The plan has been in operation at Clarinda one year and has been extremely successful, as the financial report of the city shows. T. A. Wilson, a practical Clarinda business man, was selected for the job of city manager when that form was decided upon and his salary was fixed at $1,500 per year. While the laws of the state do not provide for such manipulation of city affairs the manager proposition was accomplished by appointing Mr. Wilson city clerk and giving him complete authority to manage all departments of the city's affairs.

The annual report shows that Business Manager Wilson closed his first year as general manager of the city of Clarinda with a balance of $17,265.74 in the treasury as against $12,933.82 at the close of the previous year. His total expenditures for the year amounted to $27,755.01 as against $30,318.24 of the previous year. In addition to this a payment of $4,000 was made on the municipal indebtedness of the city on which no payment was reported the preceding year.

The popularity of the business manager plan for Clarinda is further attested by the fact that six months after Mr. Wilson had been installed as manager a vote was taken on a proposition to adopt the commission plan of city government, which was defeated by the voters of the city by a vote of 98 to 508 against.

The voters of the municipality elect a mayor and city councilmen in the same manner as ordinary cities. These appoint the city manager. The plan, which seems to have given such complete satisfaction in the Clarinda case will probably be adopted in many other towns and cities of the state where the solution of municipal manipulation has become difficult.

For Francis Wilson's Senate Seat.

R. B. Bridgeman of Oregon, Holt county, Saturday filed his declaration with the secretary of state as a Democratic candidate for state senator from the third district, comprising Clay, Platte, Holt, Andrew, DeKalb and Clinton counties. This is the district formerly represented by Francis M. Wilson, United States district attorney at Kansas City. Mr. Bridgeman is well known in Maryville among the members of the bar.

Mr. and Mrs. Ed Horn and son, who have been living at Elmo, went to Hopkins Monday to make their home.

Mr. and Mrs. F. A. McKee of Barnard were in Maryville shopping Saturday.

Shower For Bride-to-Be.

Mrs. Roy Wolfers was the hostess of a pink and white party Saturday afternoon, complimentary to Miss Golda Roach, who is to be married soon. The guests were asked to bring a bottle shower of things the bride can use, and the offering consisted of olives, pickles, strawberries, raspberries, grape juice, extracts, liquor veneer and toilet articles. Added to these were various recipes. The hostess and her assistants, Miss Edith Jones, Miss Mary Wolfers and Miss Margaret McMillen, were attired in pink and white, the bride's colors. A program of music consisted of piano numbers by Miss Edith Jones and vocal numbers by Miss Margaret McMillen and a victrola program by the hostess was given while the guests busied themselves in making heart shaped holders for use in the bride's kitchen. A one-course luncheon was served by the hostess and her assistants, and the guests drank water from bottles. Those present were Miss Roach, Misses Blanche Hinton, Inez Rea, Kittie Taylor, Mrs. Roland Wray, Mrs. Howard Wray, Mrs. Jake Wiley, Mrs. Irvin Loch, Mrs. Marvin Hall, Mrs. Gordon Swinford, Mrs. James Hutchison, Mrs. Harde Saddler, Mrs. Stant Garten, Mrs. Walter Johnson, Mrs. James Clayton, Mrs. Stewart Robinson, Mrs. Ralph Heryford, Mrs. Wm. Heryford, Mrs. Nora Hall, Misses Minnie Everhart, Edith Jones, Mary Wolfers, Jessie Clayton, Margaret McMillen, Mrs. Walter Stephenson and Mrs. Walter Runnels.

SKIN ERUPTIONS

Evidence of Impure Blood and a Run Down Condition.

When the blood becomes thin, poor, devitalized nature cries out through such external evidence for help, and the safest, surest and most helpful remedy we know is Vinol.

This is because it is a combination of the two most world famed tonics—the medicinal curative elements of cod liver oil (without the oil) and tonic iron fr the blood. Vinol strengthens the digestive organs, creates a hearty appetite, purifies and enriches the blood, creates strength.

Mrs. Helen Wingate, St. Louis, Mo., says: "I was in very poor health, nervous and run down, and nothing in the way of medicine did me any good until my druggist recommended Vinol. It built up my health, restored strength and I feel that I owe my life to Vinol. I cannot praise it too highly."

We say positively there is nothing like Vinol to purify and enrich the blood and build up weak, run down people. If it should fail in your case we will return your money.—Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

LOOKS GOOD FOR FRUIT.

Fact That There Was No Warm Weather in March Will Help, Says University Expert.

"I have never known better prospects for a splendid fruit crop all over Missouri than exists at the present," said Prof. J. C. Whitten, head of the horticulture department of the University of Missouri, Saturday. "In spite of the drouth last summer and fall, a condition that is always harmful to fruit for the ensuing season, apples, peaches and pear trees are in excellent shape, and if no unfavorable weather or other conditions arise, Missouri will have a record breaking crop. The same can be said of the smaller fruits.

"Up to the present the weather has been seasonable. There has been an absence of the warm periods that sometimes visits Missouri in March, causing the buds to swell only to be blighted by frosts. The weather has been sufficiently cool to keep back this early development. If April is as seasonable as March has been, fruit of all kinds will be plentiful. April is starting off well. The rain of the last few days has added to the healthful condition and everything looks bright from the horticulturist's standpoint."

James Huff of Wilcox was a city visitor Saturday.

YOUR CHILD'S SIGHT

Should be a most important consideration. Many children are handicapped in school or subjected to petty nervous or physical ills by the effects of imperfect vision.

An examination of the eyes of 100,000 school children in New York City showed that nearly 30 per cent needed glasses. In Boston it was more than 20 per cent, and most of them were down on the books as "stupid," "stubborn" or "unruly."

Wearing glasses in childhood often averts serious trouble later on. Have our optician examine your child's eyes. If glasses are not needed you may be sure we will tell you so frankly.
